

Wandana Heights, VIC
7 Greenfinch Way

GARTLAND
PROPERTY

This 717sqm block of land includes a double storey house that has been built to lockup, sadly the vendor has let the permit slip with demolition highly likely. The land is priced to sell with this possibility accounted for and is exceptional value. The Geelong bypass road, schools of choice and amenities all close by for your convenience. Land of this size at this price situated in an established area is hard to come by. An opportunity not to be missed.
